## Intellectual Property Guarantee

All designs are original and owned by Andreu World, S.L.

All models comprising furniture collections with the trademark “Andreu World” are protected via industrial design registries, design patents, copyrights and intellectual property rights worldwide. Only Andreu World, S.L. and persons or companies authorized by Andreu World have the right to use these protected designs.

With the aim of defending quality, protecting originality and emphasizing the value of each of these designs, Andreu World, S.L. with the interest of its customers, suppliers, employees, designers and stakeholders, will exercise any and all legal actions as may be necessary against anyone who manufactures, offers, uses, sells, purchases, imports or exports any products using Andreu World, S.L. designs without the company's express written permission.

To purchase furniture with the Andreu World trademark, please only address authorized dealers or distributors of Andreu World. If you are unsure of the origin of a furniture piece, please consult the official dealers and sale point list at [www.andreuworld.com](http://www.andreuworld.com) or contact us directly by phone on +34961805700 or e-mail us at: [aworld@andreuworld.com](mailto:aworld@andreuworld.com)

**GENERAL MAINTENANCE**

If the product is located in an area near the coast and in permanent contact with a marine atmosphere, for a correct maintenance it is recommended to realise periodic cleaning with fresh water or a descale agent to avoid that the rest of saltpeter sets in the different materials of the product.

**1- WEBBING**

40mm thick polypropylene webbing, with UV and weather protective.

**MAINTENANCE**

To clean, gently wipe the belts using a brush and soapy water. Rinse with water and allow to air dry.

Excessive chlorine and certain oil-based lotions can permanently stain the belt's color.

Wipe off bird droppings as soon as possible, as they can cause permanent stains on the belts.

**2- UPHOLSTERY**

The Andreu World Outdoor collections use different types of acrylic fiber and synthetic leather designed for outdoor use and manufactured by the world's leading companies. Strong, durable colors, highly resistant to water, grease and UV rays. Resistant to tears and abrasions.

**MAINTENANCE**

To wash the acrylic fabrics, only water and a soft brush are required.

The synthetic leather must be frequently cleaned with a damp cloth and a brush. Resistant stains on certain of the synthetic leather collections can be removed with alcohol.

We recommend the cleaning of bird droppings, as they can be particularly harmful and can cause permanent stains.

**3- CUSHIONS AND FOAMS**

The cushions included in the Andreu World Outdoor collections, composed of a foam core and different fibers, are suitable for outdoor use.

**MAINTENANCE**

Remove the covers from wet cushions and leave them to dry in an airy, sunny area.

Cushions should be stored during the periods in which the furniture is not in use or during periods of bad weather.

The outer covers of the cushions may be hand- or machine-washed at 40°C.

**4- CERAMICS**

The ceramic tops and boards of the bases and tables included in the Andreu World Outdoor collections are waterproof, hygienic and colorfast. They are fire proof and abrasion-resistant, as well as 100% recyclable.

**MAINTENANCE**

We recommend the use of regular detergents for cleaning. Lime, wine, ice cream, coffee and grease stains should be removed using an alkaline detergent or a descaling product.

**5- HIGH PRESSURE Laminate**

The 12mm high pressure laminate table tops are suitable for outdoor use. They are treated against UV action and are highly resistant to wear, heat and moisture.

**MAINTENANCE**

The surface should be cleaned with a nonabrasive sponge, water and detergent.

**6- Laminate BOARDS**

The 18mm laminate plywood table tops are suitable for covered outdoor spaces. They are extremely resistant to impacts and scratches and have been specifically designed for those uses which require a high-quality finish and a consistent surface.

**MAINTENANCE**

Cleaning is simple and only requires water and detergent.

**7- ALUMINUM**

Aluminum is a lightweight, resistant alternative of proven effectiveness for outdoor furniture. It is 100% recyclable.

**MAINTENANCE**

Requires only soap and water.

**8- STEEL**

Steel is robust, hard, rigid and weather-resistant. It is suitable for a wide range of uses.

Andreu World use:

- EPL-5 treated steel, based on electrolytic processes that guarantee extreme durability for outdoor use.

**MAINTENANCE**

Stainless steel or EPL-5treated steel only requires regular cleaning with soapy water. In the case of stains, avoid abrasive sponges or fabrics. Clean bird droppings as soon as possible, as they can cause abrasions or permanent stains on the steel.

In the event scratches or impacts which cause damage to the EPL-5 treatment, Andreu World can provide a touch-up kit that includes a corrector enabling the damage to be concealed.

**9- THERMO-POLYMER**

The Flex, Sail and Sit collection high-quality thermo-polymer seats and backrests are special treated for outdoor use.

**MAINTENANCE**

Cleaning requires only soap and water.

**10- COVERS**

The protective covers are made of waterproof polyester fabric which protects the furniture from moisture, rain and sun.

They can be used to cover the furniture when it is stored or during particularly bad weather conditions.

**11- GLASS**

Tempered glass coated with high-adhesion vitrified paint that prevents color changes over time.

**MAINTENANCE**

Any cleaning product (including solvents) can be used.

**12- SOLID SURFACE**

Solid Surface is a non-porous and homogeneous materials comprised of natural minerals and a small percentage of highly durable resins. These tops, made of natural minerals, are similar in appearance and feel to natural stone and are available in white. Suitable for outdoor use.

**MAINTENANCE**

The Solid surface tops does not absorb liquids, but is recommended to dry spills or drops immediately. Generally, most stains can be removed using a microfiber cloth dampened with household cleaner spray with circular movements.

## CONDITIONS GÉNÉRALES DE VENTE :

### 1 - PRIX

Les prix des tarifs publics HT sont valables uniquement sur la durée indiquée en page de garde du tarif. Les prix indiqués sur les devis sont valables jusqu'à la date de fin de validité du devis.

### 2 - PRODUITS

Les échantillons de teintes sont donnés à titre indicatif. Les éventuelles différences entre la teinte définitive et l'échantillon doivent être considérées comme normales étant donné le matériau utilisé, le bois.

### 3 - COMMANDE

Chaque commande doit se faire par un bon écrit, transmis par fax ou email et courrier (signé par la direction). Sauf contestation dans les 48 heures après réception de notre confirmation de commande, ce sont les éléments figurant sur ce document qui font foi.

### 4 - DELAI DE LIVRAISON

Entre 4 et 8 semaines selon la marque et si période avec congés. Le délai exact est confirmé par l'usine après réception de la commande et la réception d'un acompte si celui-ci est demandé dans les conditions de règlement du client.

### 5 - CONDITIONS DE REGLEMENT

Pour toute première commande le règlement est comptant. Par la suite PhS se réserve le droit de proposer des conditions de paiement selon le profil de l'entreprise (30 jours fin de mois, 45 jours, etc...).

A défaut de paiement à l'une des quelconques échéances, les autres échéances deviendront immédiatement exigibles même si elles ont données lieu à l'établissement de traites.

### 6 - TRANSPORT

Les risques de transport sont à la charge du destinataire selon l'Article 105 du Code du Commerce. A réception, nos marchandises doivent être soigneusement vérifiées quant à leur conformité et à leur état. En cas de non conformité, d'avaries ou de manquants, une réserve précise doit être formulée sur le bon de livraison avant signature et confirmée au plus tard sous 48 heures de la livraison par courrier recommandé avec avis de réception adressé au transporteur.

Passé ce délai, aucune réclamation postérieure ne sera admise; aucune marchandise ne sera reprise ou échangée.

### 7 - ANNULATION DE COMMANDE

Aucune annulation est possible sauf accord entre les 2 parties. Les articles spéciaux fabriqués sur commande ne pouvant en aucun cas être repris.

### 8 - RESERVE DE PROPRIETE

La Sté Ph.S. Philippe Siraud se réserve la propriété des marchandises jusqu'au paiement intégral. (Loi 80. 335 du 12 Mai 1980). Le défaut de paiement de l'une quelconque des échéances peut entraîner la revendication des biens.

### 9 - INCIDENT DE PAIEMENT OU CONTESTATION

Nous nous réservons le droit de suspendre toute livraison en cours et à venir. Lorsque la marchandise est destinée à être revendue par le destinataire, les retards de paiement que celui-ci pourrait subir ne sauraient en aucun cas justifier un retard dans le règlement de nos factures.

### 10 - REGLEMENT DES LITIGES

Pour tout litige, même en cas de recours de garantie ou de pluralité de défenseurs, il est fait attribution de juridiction exclusive aux tribunaux de Paris.
